PAGE 2: First Prevention Agenda Priority Area

Q1: What is the first Prevention Agenda Priority Area you are reporting on? Select only one	Prevent Chronic Diseases
--	--------------------------

PAGE 3: Preventing Chronic Diseases

Q2: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	Increase Access to High-Quality Chronic Disease Preventive Care and Management in Clinical and Community Settings.
Q3: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	Other (please specify) Promote use of evidence based care to manage chronic diseases.
Q4: What process measures are being used to monitor progress on this intervention? Choose all that apply.	Other (please specify) Percentage of adult health home members diagnosed with both schizophrenia and diabetes whose blood glucose is in good control (A1C less than 8%).

PAGE 4: Promote a Healthy and Safe Environment

Q5: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	<i>Respondent skipped this question</i>
Q6: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	<i>Respondent skipped this question</i>
Q7: What process measures are being used to monitor progress on this intervention? Choose all that apply.	<i>Respondent skipped this question</i>

PAGE 5: Promote Healthy Women, Infants and Children

Q8: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	<i>Respondent skipped this question</i>
Q9: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	<i>Respondent skipped this question</i>
Q10: What process measures are being used to monitor progress on this intervention? Choose all that apply	<i>Respondent skipped this question</i>

PAGE 6: Promote Mental Health and Prevent Substance Abuse

Q11: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	<i>Respondent skipped this question</i>
Q12: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	<i>Respondent skipped this question</i>
Q13: What process measures are being used to monitor progress on this intervention?	<i>Respondent skipped this question</i>

PAGE 7: HIV, STDs, Vaccine-Preventable Diseases and Healthcare Associated Infections

Q14: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	<i>Respondent skipped this question</i>
Q15: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	<i>Respondent skipped this question</i>
Q16: What process measures are being used to monitor progress on this intervention?	<i>Respondent skipped this question</i>

PAGE 8: Intervention detail

Q17: Describe the target population (e.g., problem/burden affecting this population, demographics, geographical locations, etc.)	
Patients enrolled in the Health Home with dual diagnosis of schizophrenia and diabetes.	
Q18: What is the expected number of people to be reached by end of 2014 or the end of the first year of activities?	12
Q19: How many people have you actually reached toward this target?	12
Q20: Are you addressing a disparity with this intervention?	Yes

PAGE 9: Disparities

Q21: Which of the following types of disparities are you addressing? Check all that apply	Income/SES, Disability, Other (please specify) People diagnosed with mental health illness.
Q22: How are you working with the target populations addressed by the intervention? Check all that apply	The program screens and offers services to high-need participants

PAGE 10: Baseline data

Q23: Were baseline data collected for the process measures selected? Select only one	Yes, for all of them
---	----------------------

PAGE 11: Periodicity of data collection

Q24: On average, how often are you collecting data for your intervention? Check all that apply	Annually
---	----------

PAGE 12: Status of Implementation Effort

Q25: What is the current status of your implementation efforts related to this intervention? Select only one	On track with implementation schedule
---	---------------------------------------

PAGE 13: Partnership Development

<p>Q26: Who are the current partners involved in the implementation of the intervention just described? Check all that apply</p>	<p>LHD, Hospital, Other (please specify) Health Home</p>
---	--

PAGE 14: Partner Engagement

<p>Q27: What is the role of partners in this intervention? Check all that apply.</p>	<p>Coordinate intervention, Conducts educational activities, Provides a health service, Funds the intervention</p>
<p>Q28: Overall, how would you rate the level of engagement of your partners/members in the implementation of this intervention? Select only one</p>	<p>Engaged</p>
<p>Q29: Describe any successes in engaging partners to actively work on this intervention: Check all that apply</p>	<p>Contributes staff time to help with intervention, Enables us to offer intervention activities to a target population</p>
<p>Q30: Describe any challenges in keeping members of your partnerships engaged and/or actively participating in the implementation of this intervention. Check all that apply</p>	<p>Challenging to offer programs to target population</p>
<p>Q31: Do you need help developing or sustaining partnerships with certain sectors?</p>	<p>No</p>

PAGE 15: Strengthening Partnerships

<p>Q32: What types of partnerships do you need help with? Check all that apply</p>	<p><i>Respondent skipped this question</i></p>
---	--

PAGE 16: Overall Successes and Challenges of Implementation of Intervention Strategies

<p>Q33: What have been the successes in implementing the intervention you described? Mark all that apply</p>	<p>Identifying burden/problem to be addressed, Defining target population, Establishing clear goals, Identifying process and outcome measures to monitor progress toward reaching goals , Developing data collection methods, Establishing clear implementation timelines/milestones , Reviewing and monitoring progress with partners</p>
<p>Q34: What challenges are you facing in the implementation of the intervention? Mark all that apply</p>	<p>Other (please specify) Target population not as large as expected. Also, target population is limited to Health Home patients as of right now.</p>

PAGE 17: Second Prevention Agenda Priority Area

<p>Q35: What is the second Prevention Agenda Priority Area you are reporting on? Select only one</p>	<p>Promote a Healthy and Safe Environment</p>
---	---

PAGE 18: Preventing Chronic Diseases

<p>Q36: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area</p>	<p><i>Respondent skipped this question</i></p>
<p>Q37: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.</p>	<p><i>Respondent skipped this question</i></p>
<p>Q38: What process measures are being used to monitor progress on this intervention? Choose all that apply.</p>	<p><i>Respondent skipped this question</i></p>

PAGE 19: Promote a Healthy and Safe Environment

Prevention Agenda Annual Progress Report - December 2014

Q39: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	Injuries, Violence and Occupational Health
Q40: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	Other (please specify) Reduce falls among vulnerable populations.
Q41: What process measures are being used to monitor progress on this intervention? Choose all that apply.	Other (please specify) Reduce the rate of fall related hospitalizations in the population aged 65+

PAGE 20: Promote Healthy Women, Infants and Children

Q42: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	<i>Respondent skipped this question</i>
Q43: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	<i>Respondent skipped this question</i>
Q44: What process measures are being used to monitor progress on this intervention? Choose all that apply	<i>Respondent skipped this question</i>

PAGE 21: Promote Mental Health and Prevent Substance Abuse

Q45: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	<i>Respondent skipped this question</i>
Q46: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	<i>Respondent skipped this question</i>
Q47: What process measures are being used to monitor progress on this intervention	<i>Respondent skipped this question</i>

PAGE 22: HIV, STDs, Vaccine-Preventable Diseases and Healthcare Associated Infection

Prevention Agenda Annual Progress Report - December 2014

Q48: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area	<i>Respondent skipped this question</i>
Q49: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.	<i>Respondent skipped this question</i>
Q50: What process measures are being used to monitor progress on this intervention?	<i>Respondent skipped this question</i>

PAGE 23: Intervention detail

Q51: Describe the target population (e.g., problem/burden affecting this population, demographics, geographical locations, etc.)	
Target population is older adults in the 65+ age category.	
Q52: What is the expected number of people to be reached by the end of 2014, or the end of the first year of activities?	335
Q53: How many people have you actually reached toward this target?	335
Q54: Are you addressing a disparity with this intervention?	Yes

PAGE 24: Disparities

Q55: Which of the following types of disparities are you addressing? Check all that apply	Age
Q56: How are you working with the target populations addressed by the intervention? Check all that apply	The program screens and offers services to high-need participants

PAGE 25: Baseline data

Q57: Were baseline data collected for the process measures selected? Select only one	Yes, for all of them
---	----------------------

PAGE 26: Periodicity of data collection

Q58: On average, how often are you collecting data on these process measures? Check all that apply	Annually
---	----------

PAGE 27: Status of Implementation Effort

Q59: What is the current status of your implementation efforts related to this intervention? Select only one	On track with implementation schedule
---	---------------------------------------

PAGE 28: Partnership Development

Q60: Who are the current partners involved in the implementation of the intervention just described? Check all that apply	LHD, Hospital, Other (please specify) Schoelkopf Nursing Home and Degraff Hospital's Safe at Home program
--	---

PAGE 29: Partner Engagement

Q61: What is the role of partners in this intervention? Check all that apply.	Conducts educational activities, Other (please specify) Provide educational material.
Q62: Overall, how would you rate the level of engagement of your partners/members in the implementation of this intervention? Select only one	Engaged
Q63: Describe any successes in engaging partners to actively work on this intervention: Check all that apply	Other (please specify) Provides training opportunities and educational material.
Q64: Describe any challenges in keeping members of your partnerships engaged and/or actively participating in the implementation of this intervention. Check all that apply	Other (please specify) None.
Q65: Do you need help developing or sustaining partnerships with certain sectors?	No

PAGE 30: Strengthening Partnerships

Q66: What types of partnerships do you need help with? Check all that apply	<i>Respondent skipped this question</i>
--	---

PAGE 31: Overall Successes and Challenges of Implementation of Intervention Strategies

Q67: What have been the successes in implementing the intervention you described? Mark all that apply	Identifying burden/problem to be addressed, Defining target population, Establishing clear goals, Researching evidence-based interventions to address problem among target population , Identifying process and outcome measures to monitor progress toward reaching goals , Developing data collection methods, Establishing clear implementation timelines/milestones
Q68: What challenges are you facing in the implementation of the intervention? Mark all that apply	Other (please specify) Training and availability of train the trainer courses for evidence based programs.

PAGE 32: Location

Q69: In what county is your hospital or local health department (LHD) located?	Niagara County
Q70: Are you reporting from a LHD or hospital? Select one	Hospital

PAGE 33: LHD Contact Information Verification

Q71: Please review contact information for your LHD liaison at: http://www.health.ny.gov/prevention/prevention_agenda/contact_list.htm and provide correction if needed.	<i>Respondent skipped this question</i>
--	---

PAGE 34: LHD Liasion

<p>Q72: LHD liaisonPlease provide the name, title, phone (with area code) and email contact of your CHA-CHIP liaison.</p>	<p><i>Respondent skipped this question</i></p>
--	--

PAGE 35: Hospital Name

<p>Q73: Please select hospital(s) that you are reporting on: (Choose all that apply)</p>	<p>Niagara Falls Memorial Medical Center</p>
<p>Q74: Hospital liaisonPlease provide the name, title, phone (with area code) and email contact of your CSP liaison.</p>	
<p>Name of Hospital CSP Liaison</p>	<p>Patrick Bradley</p>
<p>Title</p>	<p>Director of Marketing and Public Relations</p>
<p>Phone (with area code)</p>	<p>716-278-4569</p>
<p>Email Contact</p>	<p>pat.bradley@nfmmc.org</p>
<p>Q75: If reporting for a hospital, are any of your Prevention Agenda activities incorporated in your DSRIP application?Select only one</p>	<p>Unsure</p>
<p>Q76: Are the two interventions you provided detail on this report described as a community benefit in the Schedule H tax form? Select only one</p>	<p>No, neither intervention is described as a community benefit</p>
	<p>Comments: While neither intervention is described as a community benefit the hospital's participation in a Community Needs Health Assessment (CNHA) and the execution of an implementation strategy are duly noted in Schedule H.</p>

PAGE 36: Review Summary of Plan

<p>Q77: Please review the summary of your CHIP/CSP attached. Does this accurately reflect the priorities, focus areas, goals, and interventions from the plan you submitted in 2013? Please note, these documents can also be downloaded off the commerce site. (1) You will need to sign into the commerce site at https://commerce.health.state.ny.us; (2) After you are signed in, paste the url http://tinyurl.com/summary-chip-csp on the address line.</p>	<p>Yes, the priorities, focus areas, goals, and interventions correctly reflect the plan submitted in 2013</p>
---	--

PAGE 37: Needs and Comments

Q78: What tools, support, or resources do you need to fully implement your plan?

None at this time

Q79: Is there anything else you would like us to know or any other information you would like to share?

Not at this time

PAGE 38: Final Page

Q80: Are ready to submit your survey? Changes can no longer be made after you click "done". Yes
